

THE BOSE 5.1 SURROUND SOUND SYSTEM FOR THE PORSCHE 911 CARRERA (S)

12 HIGH-PERFORMANCE SPEAKERS

- 1 One 8-cm neodymium mid-range speaker (centrefill) in the instrument panel.
- 2 Two 1.9-cm neodymium tweeters in the instrument panel.
- 3 Two 22-cm Nd[®] woofers in the doors.
- 4 Two 10-cm neodymium mid-range speakers in the doors.
- 5 Two 10-cm neodymium mid-range speakers in the rear side panels.
- 6 Two 1.9-cm neodymium tweeters in the rear side panels.
- 7 One 13-cm high-excursion woofer located on the driver side in a 12-litre space behind the instrument panel.

SYSTEM ELECTRONICS

- 8 Digital amplifier mounted under the passenger seat. Includes Bose digital signal processing with:
 - Bose 5.1 surround technology Centerpoint[®] 2 and Surround-Stage[®].
 - AudioPilot[®] noise compensation technology and 12 channels of customized equalisation.
 - AudioPilot[®] microphone mounted in the steering column to monitor interior noise level.

Bose system components and their respective locations are identical in the Porsche 911 Carrera (S) Cabriolet. The equalisation is customised to the specific acoustical properties of the cabin.

Each part of the Bose sound system and the infotainment system has been carefully engineered to provide an ideal listening experience. Any technical intervention, such as the use of retrofitted components, can have a substantial negative impact on the sound quality.
