

The Bose® Sound System for the Alfa MiTo

9 high-performance speakers

- 1 Two 4-cm neodymium tweeters in the A-pillars.
- 2 Two 16.5-cm neodymium low-mid-range speakers in the doors.
- 3 Two 4-cm neodymium tweeters in the rear side panels.
- 4 Two 16.5-cm neodymium low-mid-range speakers in the rear side panels.
- 5 One 11.5-cm Nd® Richbass® woofer in a 7-litre custom-engineered bass enclosure with a linear amplifier in the spare tyre wheel well.

System electronics

- 6 Digital amplifier mounted in the foot well on the passenger side. Includes Bose digital signal processing and 7 channels of customised equalisation.

Each part of the Bose sound system has been carefully engineered to work with the others for better performance. Replacing the factory-installed headunit (i. e. radio-CD/navigation system) or any other sound system component can significantly reduce system performance.
